Kenergy is continuing its long-standing practice of retiring capital credits to its members. In August, Kenergy will return $2.7 million to its membership. The credit amount represents net margins allocated in years 1990 and 1991.

So, what is a capital credit retirement? Electric cooperatives aren’t like other utilities. We operate on a not-for-profit basis, which means we operate at cost. This means we collect only enough revenue to run and expand business without the need to generate profits for distant shareholders.

You, as a member, own a portion of Kenergy. When we have money left over, it’s returned to you and other members as a capital credit retirement. This year, we are returning margins earned in both 1990 (100%) and 1991 (85%). Your share is figured by how much electricity you used during that timeframe in proportion to the margins allocated. If you were not a member during that 1990/1991 timeframe, you will not receive a credit on your bill.

We are proud to say this is Kenergy’s eighth consecutive capital credit retirement. Since 2012, the cooperative has returned more than $23 million to our members and former members.

Cooperatives are businesses that pay you back. Those are tough to find these days. And it’s a great reason to be a member of an electric cooperative.

After you receive your August bill statement, feel free to call us at 1.800.844.4832 if you have questions.

Kenergy’s Washington Youth Tour delegates Sophia Krampe, Ella Farmer, and Ryan Ward enjoyed an exciting week in Washington, D.C. as part of NRECA’s annual youth tour.

MEMBER APPRECIATION DAY
SAVE THE DATE - THURSDAY, OCTOBER 3rd
11:00am – 2:00pm at all Kenergy offices
You’re sitting at home on the couch watching television, cooking dinner for your family in the kitchen, or starting a load of laundry and your power goes out. *Now what?*

Our line crews work safely and quickly to restore your service, although power outages can last anywhere from a few hours to several days depending on the circumstances. Our number one priority is to respond to dangerous situations – downed power lines or sparking equipment – then, we prioritize efforts to restore power to the most members at one time.

Our Outage Center is the most comprehensive outage tool. There, you can find our live outage map, feeds from our social media, and tips on what to do during an outage. For further outage communication with our members, we post as much detail as possible along with estimated times of restoration (ETR) to our Kenergy Facebook, Twitter, and Instagram pages along with our website.

You can call 800.844.4832 24-hours a day to report an outage. We do ask that you do not report an outage by email or through our social media as we are not always immediately available through those platforms.

Visit kenergycorp.com to view our outage map and learn what to do in the case of an outage

**SCHOLARSHIP WINNERS**

A random computerized drawing of 274 applicants was held July 2nd for three (3) $1,000 scholarships and twenty-four (24) $500 scholarships. Scholarships can be used for tuition, fees, campus housing, textbooks, computers, school supplies, and other costs directly related to the recipient’s education.

**$1,000 Winners**
- Shelby Pendergraft
- Charlotte Brown
- Aaron Wayne

**$500 Winners**
- Tristan Buschkoetter
- Sarah Russ
- Samuel Johnson
- Rebecca Wilson
- Reade Mattingly
- Payton Hite
- Nolan Buckman
- Nickolas Carter
- Madeline Gregory
- Macey Cain
- Lucas Zoglmann
- Kody Roark
- Kaylen Young
- Kayla Yates

- Katherine Dawson
- Justin Estes
- Jerrica Jones
- Hunter Wright
- Colleen Turner
- Chantz Duncan
- Angela Gates

- Adam Grannan
- Brooklynn Meuth
KITCHEN

CHOCOLATE CHIP COOKIE RECIPE

August 4th is National Chocolate Chip Cookie Day! The most famous chocolate chip cookies at the Kenergy offices come from Member Engagement Coordinator Jeanette Weedman who graciously agreed to share her recipe with our members.

**Ingredients:**
- 4 sticks margarine
- 2 cups sugar
- 1 16oz box light brown sugar
- 1 ½ tsp salt
- 1 ½ tsp baking soda
- 4 eggs
- 1 Tbsp vanilla
- 5 cups all-purpose flour
- 2 12 oz bags milk chocolate chips

**DIRECTIONS**
Preheat oven to 350 degrees.
1. Melt margarine
2. In a separate bowl, whisk sugar, light brown sugar, salt, and baking soda. Mix well.
3. Pour melted margarine into sugar mixture and mix well.
4. In a separate bowl, mix eggs and vanilla. Add this mixture to the sugar mixture.
5. Add flour to mixture. Be sure to only add a cup or two at a time and fold into mixture.
6. Add in chocolate chips to the mixture.
7. Spoon the cookies onto a greased baking sheet and bake in oven for 10-12 minutes or until the edges are golden brown.
8. Be very patient and let cookies cool, then enjoy!

*Note: For chewy cookies, just use a little less flour than the recipe calls for.*

---

BOARD ELECTION RESULTS

Chris Mitchell was re-elected to another three-year term on the Kenergy board of directors. Mitchell, a grain and livestock producer from Clay, has represented District 3 since 1997. He was opposed in this year’s election by Dr. E. Carolyn Tucker of Dixon.

Incumbents Craig Roberts of District 1 and Bill Denton of District 5 faced no opposition and will retain their seats for another three-year term on Kenergy’s board.

---

THIS HARVEST, FOCUS ON SAFETY

The risk of electrocuton on farms is common due to heavy equipment coming in close contact with overhead lines.

That’s why it’s important to know how to be safe this harvest. If you’re inside the machinery when coming in contact with a power line...

- If you can, drive safely away from the downed line and the source of electricity. Travel at least three tractor lengths before stopping.
- If you can’t drive or are injured, stay where you are until help arrives.
- If you must get out of the machinery (for example, if it is on fire), don’t touch the machinery and the ground at the same time.
- Jump out and away from the machinery, taking care to land with your feet together and touching.
- Shuffle away with your feet touching. Don’t stop until you are at least three tractor lengths away from machinery.
- Call 911 and ensure no one goes within 40 feet of machinery.
Beware of Third Party Payment Methods

Kenergy DOES NOT recommend the use of third parties like DOXO.COM to pay your electric bill. To avoid service interruptions, we recommend paying via KenergyCorp.com, Kenergy mobile app, US Mail, auto pay, pay by phone (844-255-3679), in person or overnight drop box at your local office.

Third party services may not mail your payment on time or to the correct address on your statement. These issues could result in late fees and possible disconnection of service. If you choose to use a third party service, Kenergy is not responsible for payment delays. We encourage you to please use the authorized payment methods noted above.
