

RIGHT-OF-WAY EASEMENT

The undersigned grant(s) to Kenergy Corp. the permanent right to construct, operate, remove, replace and perpetually maintain its electric power lines (whether overhead or underground) and all associated equipment, including fiber optic lines, on the property owned or occupied by the undersigned, located at

_____,
and in or upon all roads, streets or highways abutting that property, and will execute and deliver to the cooperative any conveyance, grant or instrument which the cooperative shall request for said purposes or any of them. I agree that all wires, meters, poles, transformers and other equipment which the cooperative constructs or installs on that property will, at all times, be owned by the cooperative, and the cooperative shall always have the right to come on that land to exercise the rights granted it by the undersigned herein, which include the right to cut, trim and control the growth by any reasonable means of trees, shrubbery and other vegetation that may interfere with or threaten to endanger the operation or maintenance of lines or other equipment. The undersigned may not cause or permit any obstructions, including buildings, to be built within the following distance of Kenergy's lines, cable or system.

Overhead 1PH conductor, 10' each side of centerline of conductor route.

Overhead multi-phase conductors, 20' each side of centerline of conductor route.

Underground conductor, 6' each side of centerline of conductor route.
