1. CUSTOMER CHARGE

This is a fixed charge of \$18.20 that covers the cost of supplying service to members' homes. This covers costs that do not vary with changes in kilowatt-hour usage. This amount is fixed for residential members and can only be changed through a rate filing.

2. KILOWATT-HOUR CHARGE

The current rate of 0.107543 per kilowatt hour covers the base cost to produce and distribute each kilowatt hour consumed by members.

POWER SUPPLY ADJUSTMENTS

The following charges include power production costs incurred by Big Rivers, which is Kenergy's wholesale energy supplier. The charges are passed through to members on their Kenergy bill, based on how many kilowatt hours they use.

3. FUEL ADJUSTMENT CLAUSE (FAC)

This charge includes the cost of fuel to produce electricity at Big Rivers' power plants. The fuel adjustment clause charge includes coal, natural gas, petroleum coke and start-up fuel used to operate Big Rivers' western Kentucky power plants.

4. ENVIRONMENTAL SURCHARGE

This charge includes the cost of environmental compliance equipment at the power plant and the various chemicals used in that equipment. When members consume more electricity, more chemicals are needed to comply with environmental laws; therefore, the rate is multiplied by the number of kilowatt hours each member uses.

5. MEMBER RATE STABILITY MECHANISM

As a not-for-profit power provider, Big Rivers gives a portion of its margins back to Kenergy members as a credit on their bill.

6. NON FAC PPA RIDER

This charge includes the cost of power purchased by Big Rivers during times that power is purchased rather than generated by Big Rivers' plants. This may occur if a power plant suffers a forced outage or if a plant is down for maintenance. This charge also includes hydro power Big Rivers purchases from the Southeastern Power Administration. Because this rate includes variable costs directly related to kilowatt hours purchased, the rate is multiplied by the number of kilowatt hours each member uses.

ADDITIONAL CHARGES

Some members may also have security lighting and/or Operation Roundup listed on their statement.

IN THE KITCHEN

Chicken Fajita Bowls

Sending your student back to school can be a stressful time. Schedules are busy again, sports practices have restarted, and you still need to make a meal to feed your entire family. We've got one idea covered for you – these easy chicken fajita bowls are sure to please your hungry crowd!

INGREDIENTS

For The Chicken

- 1 ½ pounds chicken breasts
- 2 tablespoons lime juice
- 3 tablespoons olive oil
- 3 cloves garlic, minced
- ½ teaspoon salt
- ½ teaspoon ground cumin
- ½ teaspoon chili powder
- ½ teaspoon red pepper flakes

For The Veggies

- 1 poblano pepper thinly sliced
- 1 red bell pepper thinly sliced
- 1 yellow pepper thinly sliced
- ½ yellow onion thinly sliced
- ½ red onion thinly sliced

For The Bowls

- 3 cups steamed white rice
- 1 cup black beans, (rinsed and drained)
- 1 cup charred corn
- 1 cup chopped tomatoes
- fresh cilantro

DIRECTIONS

1. In the bottom of a zip top bag or bowl, combine the marinade ingredients (lime juice, olive oil, garlic, salt, cumin, chili powder and red pepper flakes) and whisk to combine.
2. Thinly slice the chicken breasts into strips, about the size of your finger. Add the chicken in, mix until evenly coated in the marinade. Let the chicken marinate in the fridge for one hour.
3. When you're ready to cook the Chicken Fajitas, heat a large cast iron skillet over high heat. Add a tablespoon of olive oil. Add the chicken mixture, marinade included, and sauté until fully cooked. Using a pair of tongs, remove the chicken from the skillet and add the vegetables. Sauté until tender and charred. Add the chicken back into the cast iron skillet and toss to combine.
4. Serve the Chicken Fajitas in a bowl with rice, black beans, charred corn, chopped tomatoes, a big spoonful of guacamole, cilantro, and a wedge of lime. Enjoy!
